From the Editor

Of all the summer months, June is my favorite. It's not too hot and there is little chance of a freak snow storm happening. And this year, it's my favorite because I'm going to visit my family in Idaho! I'll see some of my kids, my grandkids and my daughter is getting married. So, June is bustin' out all over in my world!

It's the best time of year for playing in the sprinkler, letting popsicles drip down your arm and going camping at the lake. The kids are fresh out of school and have lots of wiggles to get out of their system. Send them outside to play! When I was in elementary school, my dad built us a swing set and a tether ball. Well, they were just a tad too close to each other. As I swung UP, my sister hit the tether ball and it wrapped around my leg as I came DOWN! Let me tell you, this is something you don't want to happen - it is no fun at all. But, I healed quickly and was soon out in the backyard swinging again.

Our Commitment to Our Readers and to Quality

Here, at *The Quilt Pattern Magazine*, we are committed to bringing you top-quality patterns that you can depend upon. Our Designers are required to have completed their original quilts and to have their patterns tested before submitting them to us. Our team of editors (who are all quilters too!) then format the patterns and send them out for testing again. Our testers follow the directions from beginning to end, making the entire top (not just a few blocks) including multiple sizes, when necessary, to ensure that the materials list, directions, illustrations, and templates, are all accurate.
